

RE-ACCREDITATION MASTERPROGRAMME IN INFORMATION SCIENCES

To guarantee the quality of the programmes at VU University Amsterdam, the programmes are assessed once every six years by a panel of external experts. The final assessment of the programme is conducted by the Dutch Flemish Accreditation Organization (NVAO).

The masterprogramme in Information Sciences was reviewed at the end of 2017 and the final assessment is positive. The panel indicated, amongst other things, its enthusiasm about the choice students have between two specializations and their preparation for the labor market.
